

## NQS v1.2 Release Notes

### New Functionality/Major Enhancements

- 27753: Added an Edit button on the General Information of Curriculum Schedule Details
  - Allows OM/TMs to edit the Course Status, Start/End Dates/Times, Time Zone, and Location
- 27754: Added the ability to define custom locations for Curriculum Schedules
- 27755/27757/27758/27759/27785: Created a new “Instructors & SME Support” grid on Curriculum Schedule Details
  - Instructors/SMEs can be registered via Administrative Add or Invitation
  - Upon sending an invitation, a workflow is created for the invited Instructor/SME and requires approval before they are registered
  - Instructors do not count towards the Total Seats in the Class
- 27773/27774/27779/27786: Allowed admins to invite students to the Curriculum Schedule
  - Upon sending an invitation, a workflow is created for the invited student and requires approval before they are registered
- 28913: Allows OM/TMs of the offering organization to approve/reject student, instructor, and SME invitations on their behalf
- 27760/27762/27763: Updated the Curriculum Schedule’s Supporting Documents Grid
  - Edit button allows admins to update the document description and features, download, and delete the document
  - New “Available to Send to Registrants” feature allows admins to send supporting documents via the Send Message modal
  - “Publish on Responder Portal” feature allows admins to decide which supporting documents are viewable on the Responder Portal’s Training Class Info page
  - Added Documents grid to Responder Portal’s Training Class Info page
- 27761/27764/28519: Updated the Send Messages functionality of Curriculum Schedules
  - Admins can now attach selected supporting documents in messages
  - Added two new recipient groups: Registered “Instructors/SMEs” and “Registration Pending” Students
  - Disabled sending messages to recipient groups without personnel
- 27766: Wired up a new Curriculum Delivery Setting called “Send Notifications?”
  - If this feature is turned on, the registered students/instructors/SMEs will receive a notification email 7/15/30 days before their Curriculum Schedule start date
- 27767/27768/29117/29124: Updated how trainings are awarded via Curriculum Schedules
  - Removed “Award Credit?” feature and daily job that automatically awards trainings when the curriculum schedule Date and Time has passed
  - Wired up new daily job that changes the Course Status to “Pending” when the curriculum schedule Date and Time has passed
  - Associated Training is only awarded to the student when the Credited? status is changed to ‘Yes’

- 27769: Added a new Bulk Update button on Manage Students page that allows admins to bulk edit Attended?, Credited?, and Registration Status
  - When Credited? Is updated to 'Yes,' the associated training is awarded to the personnel
  - The Attended? and Credited? status of Registration Cancelled and Rejected personnel will default to 'No'
  - Allows admins to change the Registration Status to Registration Confirmed or Registration Rejected
- 27777/29183: Added new "Registration Stats" grid and updated "Curriculum Delivery Settings" stats
  - # Total Seats now accounts for Registered and Pending Students
  - Added stats that break down the Student/Instructor/SME counts
  - Added stats that break down the student attendance and training credit counts
- 27770: Added "Curriculum Delivery" grid on the Organization Profile that lists all the curriculum schedules offered by the organization
- 28307/28310: Updated the Curriculum Schedule export to excel
  - Added Instructors & SME Support tab
  - Added Curriculum Delivery Settings to the General Information Tab
- 27771/28239/28242/28366: Updated the Curriculum Schedule information on the Responder Portal
  - Added a Registration Status column to the Upcoming Trainings list page
  - Allows personnel to click on Registration Status hyperlink to view the Training Class Info
  - Removed Messages grid on Training Class Info page
- 28021: Added ability to export the All Positions list page to an excel sheet

### Minor Enhancements

- 22420: Removed State requirement when creating Associations/Consortium and Association Chapter/Division subordinate organizations
- 25288: Added column sorting on the Effective Date column in Personnel Detail's Training grid
- 28017: Extended ability to create subordinates of organization types at the end of the organization tree
- 28868/28910: Added Organization Profile action log entries for personnel invites, invite expirations, invite rejections, and personnel record deletions

### Notes:

- Numbers listed are used for internal tracking purposes
- Abbreviations
  - OM = Organization Manager
  - TM = Training Manager
